Parata HD Stock™ Cabinet
HIGH-DENSITY STORAGE

High-Density Storage In A Small Footprint

• Bright, organized, and professional appearance

• Create space for extra workstations and professional service areas

• Unique divider system reduces the risk of errors

• Self-closing mechanism

• Less walking – faster script filling

• Reduction in pill dust with steel mesh drawer bottoms

• Two drawer front design options

• Lockable drawer for secure medication storage

Drawer Capacity Meets Security

Drawers are organized alphabetically
(Vision 2 drawer fronts shown)

Lockable drawers protect stock
that needs to be kept secure

Can be divided to handle
approximately 20 SKUs/
65 items per drawers

Clear clips/names for easy
visual recognition
