# Parata HD Stock™ Carousel Small
HIGH-DENSITY STORAGE

Parata's exclusive, high-density carousel enables quick retrieving and dispensing with independent rotating shelves.
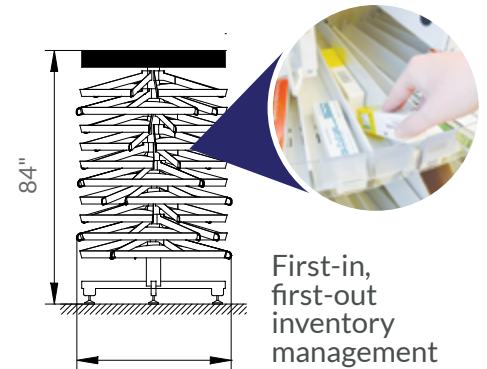

- Efficient workflow

- Easy to use

- Gain floorspace in your pharmacy

- First-in, first-out management system

- Reduce labor, space, and time

- Requires no special electrical wiring

- Lighter than most traditional carousels, no floor reinforcement needed

- Independently rotating shelves allow simultaneous access for multiple users

- Convert under-utilized corners to high density storage

HD Stock Carousels have open slots on each level that promote ease of restocking

HD Stock Carousel allows for multiple technicians to fill scripts simultaneously, and corner placement of carousel maximizes corner space.

84"

First-in, first-out inventory management
